To the extent allowed by the laws and regulations in the country of purchase, the Warranty Period cannot be renewed, extended,transferred, or otherwise affected due to subsequent resale, replacement, or donation of the Product. Only the registered product owner is eligible for replacement or repair of the Product under this Limited Warranty.

Coverage Details.

The Limited Warranty only covers the original end-user purchaser and is non-transferable.In the event the Product is purchased as a gift, the online registrant will be deemed the original end-user purchaser under these terms. The Limited Warranty is only valid and enforceable in the country of purchase. This Warranty is only valid and enforceable in the country of purchase, provided Apollo intended the product for sale in that country.

The Warranty covers any defects in material or workmanship under intended use during the Warranty Period. This Limited Warranty applies only to Products manufactured by Apollo that can be identified by the "AirVape" trademark, trade name, or logo affixed to them.

Information about Apollo can be found in the product manual, or on the Airvapeusa.com website.

If the Product is deemed ineligible or the Limited Warranty is otherwise considered void under these terms and conditions, we reserve the right to charge a handling fee up to $39.99.

Cleaning and Shipping.

When sending the Product to us for warranty service, please follow this procedure to clean your unit to ensure your warranty will remain valid and enforceable.

Remove the canisters or screens from the chambers.
Clean the chambers until holes are not clogged. You can use a Q-tip soaked in alcohol to remove all residue or excess material.
Use the Cleaning Tool or a Q-Tip to clean the mouthpiece and airpath until all residue is removed.
Clean the exterior of the unit gently with an alcohol (ISO) prep-pad.
Ship the unit with a secure wrap or in its original box with a copy of the original receipt.

You are responsible for shipping the unit to us for warranty service. Customers will be charged a shipping + handling fee for the new or serviced Product. Please make sure the Product is safely wrapped and the package is impact resistant. It is advisable to insure the package and obtain a tracking number. We will not be responsible for lost or stolen packages.

Apollo will, in a commercially reasonable time, repair or replace the Product or any of its parts that manifests a defect under intended use and maintenance for a standard shipping + handling fee.

If a defect exists, at its option Apollo will (1) repair the product, using new or refurbished replacement parts, or (2) exchange the product with a product that is new or which has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original product. We do not offer refunds as an alternative to repairing or replacing the Product. Your Product may contain country specific elements. If the Product has been re-exported from its original destination country to another country, the Product may contain country specific elements that are not considered to be a defect under this Limited Warranty. A replacement product/part assumes the remaining warranty of the original product. When a product or part is exchanged, any replacement item becomes your property and the replaced item becomes Apollo's property. If the model has been discontinued, Apollo reserves the right to replace the unit with the next generation of the product.

Non-Authorized Online Resellers and Counterfeit Products.

The battle to combat the dissemination of counterfeit devices is a laborious process and discovery often occurs months or years after purchase. Due to widespread issues with counterfeit products being sold on sites such as eBay, Craigslist, Amazon, and Alibaba we cannot offer any warranty or services for products bought on these sites. This policy applies to all unauthorized online resellers. Products purchased from an online third-party seller, other than an Authorized Reseller, voids any Limited Warranty under these terms.

Please note that you are solely responsible for determining whether any online third-party reseller from whom you purchased an Apollo product is an Authorized Reseller. Look for an AirVape Reseller Badge on their online listing.

While Apollo is sympathetic and would like to help victims of counterfeiting, we are not able to reimburse money used to purchase infringing or counterfeit goods, nor do we assist with the resolution of disputes. You should contact your payment provider regarding any fraud protection coverage or refund policy regarding your purchase from the third-party vendor.

Return Policy.

Please carefully research the product you are interested in before purchasing. Refunds are only available for new and unused devices purchased on airvapeusa.com within thirty (30) days. If the tamper proof seal is broken a twenty percent (20%) restocking fee will be assessed. Devices purchased through an Authorized Reseller cannot be refunded by Apollo.
